Teacher Rollout Guide

Build a culture of reading with Beanstack

Beanstack motivates your students to spend more time reading. Here are just a few ways you can use Beanstack to grow your students' reading habits:

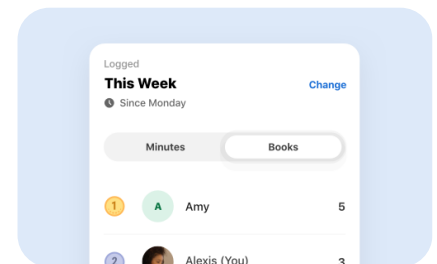

Build routine

Make logging reading in Beanstack part of your regular classroom routines like independent reading and read alouds.

Track assigned reading

Whether you're assigning 20 minutes of daily reading or a specific reading list, Beanstack helps organize and centralize reading data.

Tap into students' competitive spirit

Challenge your students to read more than you or meet a classroom reading goal. Celebrate their successes!

✋ Get to know Beanstack

- ☐ Explore Beanstack

  - ☐ Visit the admin dashboard home screen to see reading statistics for the current week for the most active readers among your rostered students and classes.

  - ☐ Access Insights for an at-a-glance view of your classrooms' reading data and leaderboards.

  - ☐ Find reading data for individual students in the Classes and Readers section.

  - ☐ Check out Challenges to browse our challenge templates and create your own classroom challenges.

- ☐ Log your own reading (try the mobile app)!

- ☐ Attend a training session.

🎉 Introduce your students to Beanstack

- ☐ Demonstrate using Beanstack and share the student experience video.

- ☐ Send the school flyer and Beanstack 101 guide (in your launch kit) home with your students.

- ☐ Keep at it! Remind students to log their reading any time they open a book, hang a Beanstack poster in your classroom, and celebrate students' successes.

ℹ️ Need more info?

- ☐ Review the Teacher Quick Start Guide, found in your launch kit.

- ☐ Watch the teacher experience video.

- ☐ Check in with your school's Beanstack administrator to learn about upcoming reading challenges.
