A Grace Lin Reading Challenge

New York Times bestselling author Grace Lin loves to "read a series of books that aren't really a series...but it is the same world with different characters." For her reading challenge, Grace invites us to delve deep into book trilogies and companion/sequels that take place in the same world but are not a continuation of the same character's story. She challenges us to read at least two in a series and, "just for fun, see if you can find the threads between them." Enjoy them all, and mark them off as you read!
